1. Absences:

For safety and attendance reasons, it is important the parents and teachers know where students are.

- Please ring school or send a text or email before 8.30am if your child is going to be absent
- When a child is collected from school during school hours for any reason, it is essential that the class teacher is informed and that the absence book (situated in the office) is signed by the parent/caregiver
- If your child is away and you have not contacted the school, you will receive a phone call from the school for an explanation (It is important we account for all our students)
- If your child is away sick we must know the specific reason (to avoid cross contamination and to identify epidemics)

2. After School Care:

- An after school care service is run by Tammy Andrew ph 021-0732615
- This service is based in The Mangatawhiri Hall and is run as a private business
- Contact Tammy Andrew for all details, information, bookings and costs for this service

3. Appointments:

- Teachers are happy to discuss student progress at any time during the year
- Please send the class teacher an email to make a suitable time
- Mornings are not a suitable time to engage the teacher in a conversation as they are preparing for the day ahead

4. Assembly:

- We hold a school assembly every Friday at 8.45am in the Mangatawhiri Hall
- Each week a different class is responsible for hosting the assembly
- Parents and families are very welcome to come along to assemblies
- We ask that mobile phones are turned off and that preschoolers are seated and quiet

5. Bible in Schools – Religious Instruction:

- Currently we do not have any volunteers available to run this programme
- Should we reinstate Bible in school, parents will be required to provide consent

6. Buses:

- Our school is part of the Franklin South Transport Network group
- Bus route maps are held in the office and on our school website
- The bus route is determined by the Ministry of Education and **not** our School
- When parents or caregivers take children to or collect them from the bus by private car, they should:

- When dropping off at the bus, get out of the car and go with the children to the bus stop
- When collecting children, get out of the car and meet them as they get off the bus, on the same side of the road that the bus has stopped and go with them to the car
- This should help stop children from running over the road to or from the bus in the path of passing traffic
- **When children are not travelling on the bus, a note or phone call must be made to school**
- **If children are getting off the bus at a different location, a note or phone call must be made to school**
- All children sign a bus code conduct each year, which clearly outlines the behaviour, expected on the bus
- Children who misbehave on the bus can distract the driver's attention, therefore, for safety reasons any child who behaves in an inappropriate manner will be suspended from using the bus
- Children will be warned and parents informed before this suspension takes place
- This means the transport of the child will become the responsibility of the parents
- The use of the bus service is a privilege, not a right
- Parents are reminded that when passing a stationary school bus the law requires them to cut their speed to 20km

7. Calf Club Day:

- Calf Club Day is held in October, on a Friday (usually the first week of Term 4)
- As this is a school day, all children are expected to attend and are involved in various ways
- The rearing of and caring for an animal – calf, lamb or goat and/or chicken and the subsequent showing of their animal on Calf Club day
- Floral displays, class art and craft presentations which the children work on at school, and which are judged and displayed
- If you are unable to provide an animal, one can be obtained from a local farmer
- The aim of Calf Club is to provide each child with the experience of raising an animal and training it
- Chickens must be purchased through the school so that they are all the same age and breed
- Calf Club Day is a major event on our school's calendar, and participation by the whole school community is strongly encouraged

Group Day:

- Any student with an animal may participate in Group Day (usually the week after our club day) which is the inter-schools competition
- Our school has an extremely proud record of participation at Group Day

8. Charter:

- The School Charter is available for perusal in the school foyer and on the school website
- This contains the National Education Goals and National Administration Guidelines as well as Local School Goals and current Annual Plan

9. Class Trips and Visits:

- As part of the school programme classes undertake trips and visits to places of interest
- These are closely related to the class programme and as such are very valuable
- Notification of trips is given well in advance
- Costs are covered by school funds
- Parent contribution for travel costs will be kept to a minimum
- Parental help on trips is greatly appreciated

- Written parental permission is always required before a child may go on a trip
- Adult volunteers are invited to help supervise small groups of children under the overall control of the teacher
- Overnight trips and camps for the children also occur and detailed information is provided

10. Complaints Procedure:

- At times children can cause unnecessary concern at home with stories about situations at school
- These may concern other children or situations they have found themselves in with their teacher
- If you have any concerns or queries, your first port of call is to talk to the child's teacher as soon as possible
- If your concerns remain, only then do you contact the Principal
- Please refer to our Complaints policy and Procedure on School Docs

11. Dental Service:

- Our school is serviced by the mobile dental clinic
- Appointments will be once a year and parents will be notified

- These practice days can be booked in with the Officer administrator

- Playing on the adventure playground is at the users own risk and parents must supervise

15. Health – Accidents and Sickness:

- The staff at the school will, to the best of their ability, protect the health and safety of your child
- Children **must** remain at home if they are not well
- Children with communicable diseases **must** remain at home and must have a note from the doctor or health nurse before returning to school
- If your child has an allergy to bee or wasp stings or similar, you must notify the office on enrolment or when the allergy is diagnosed
- Please advise the class teacher if your child needs to take any form of medical prescription during the school day - see Medications below
- In the event of a major illness or injury during school hours, parents will be contacted immediately or the emergency number held by the school will be used
- Alternatively, if necessary, a doctor may be called and/or the child taken to a doctor and the parents informed as soon as possible
- Minor incidents are recorded in the sick bay record book
